

.NET Developer

[Apply Now](#)

Company: NorthBay Solutions

Location: Pakistan

Category: computer-and-mathematical

Summary: We are actively seeking a talented and motivated .NET Developer with strong analytical skills and a keen interest in backend development, particularly in parsers. This is an excellent opportunity for candidates with 1 to 6 years of total experience, with a focus on .NET technologies. **Qualifications:** Bachelor's degree in Computer Science, Engineering, or a related field. 1 to 6 years of total experience, including relevant exposure to .NET development. Strong analytical and problem-solving skills. Proficiency in query writing and database integration. Interest in backend development, particularly parsers. Knowledge of C# and the .NET framework. **Responsibilities:** Backend Development: Contribute to the design, development, and maintenance of backend applications using the .NET framework. Special focus on parser development and optimization. Query Writing: Demonstrate proficiency in writing efficient and optimized database queries. Collaborate with the database team to ensure smooth integration and performance. Analytical Skills: Apply strong analytical skills to understand and solve complex problems. Work closely with cross-functional teams to gather requirements and deliver effective solutions. **Experience and Education:** Ideal candidates will have 1 to 6 years of total experience, including relevant experience in .NET development. Fresh graduates from reputed universities with a strong focus on .NET will also be considered. **Technical Skills:** Solid understanding of .NET technologies and languages, with a focus on C#. Proficiency in writing optimized and performant queries. Interest in backend development, especially parsers. **Non-Full Stack or Cloud Engineering:** Candidates should not have a strong emphasis on full-stack development or cloud engineering.
