

Animators & Illustrators

[Apply Now](#)

Company: OffRoad Studios

Location: Lahore

Category: other-general

The best way to predict the future is to create it. Are you itchin' to be a part of something revolutionary? To create something that redefines the world of augmented and virtual reality? This is the turf of the brilliant 3D Modelers, Texture Artists, Digital Artists and Animators. Throughout the years we have been responsible for creating solely unique experiences, a phenomenon we expect our artists to adhere to. Color your life's own story board by getting on board with OffRoad Agency!

Skills required (we don't expect you to have them all but some):

Strong in UV mapping and texture layout.

Basic understanding of all aspects of kinematics, animation and rendering in Luxology Modo.

Experience with Autodesk Maya A+Well versed in the Adobe products for texture creation, compositing and animation.

Experience with Computer Aided Design software such as Pro/Engineer and Solidworks.

Ability to create visually appealing graphic design elements for print and web.

Experience in developing content for Unity.

Strong understanding of traditional animation principles and how they can be used to enhance gameplay (lighting, shading, color theory, etc).

Understanding of the visual style of Blizzard games and a passion to push it to the next level.

Experience in FX and particle animation.

Experience working in the pre-production aspects of game development.

Quick mastery of proprietary tools and development processes.

BFA or equivalent experience.
