

## Backend Development Intern

[Apply Now](#)

Company: Info Resume Edge

Location: Islamabad

Category: computer-and-mathematical

We are seeking a talented and motivated Backend Development Intern to join our team. This internship offers the opportunity to work on real-world projects, enhance your skills in .NET, Node.js, and database technologies, and contribute to the development of cutting-edge software solutions.

### Responsibilities:

Collaborate with the development team to design, develop, and maintain backend applications using .NET and Node.js.

Participate in the entire software development lifecycle, including requirements gathering, coding, testing, and deployment.

Integrate backend services with databases (SQL, NoSQL) and ensure data integrity and security.

Optimize backend performance to ensure smooth and efficient operation of applications.

Debug and troubleshoot issues in existing backend systems and implement necessary fixes.

Stay updated with the latest trends and best practices in backend development, .NET, Node.js, and databases.

Assist in writing technical documentation for backend processes and APIs.

### Qualifications:

Pursuing a degree in Computer Science, Software Engineering, or a related field.

Strong understanding of backend development concepts and principles.

Proficiency in backend technologies such as .NET and Node.js.

Familiarity with databases, like SQLServer and Postgres.

Experience with API development and integration.

Ability to write clean, maintainable, and well-documented code.

Problem-solving skills and the ability to diagnose and resolve technical issues.

Strong communication and collaboration skills within a team environment.

Familiarity with version control systems (e.g., Git) is a plus.

Prior internship or project experience related to backend development is an advantage.
