Data Scientist – Remote

Apply Now

Company: Boo

Location: Pakistan

Category: computer-and-mathematical

Company Overview:

Boo is a personality-based social/dating app that allows you to deeply understand anyone and connect with people who intuitively understand you.

The Role

The Role: Data Scientist – Remote

Job Description:

We are seeking a skilled Data Scientist to join our team. As a Data Scientist, you will be responsible for interpreting complex data sets to provide actionable insights and solutions. Your role will involve developing algorithms, conducting statistical analysis, and creating predictive models to optimize decision-making processes.

Responsibilities:

Analyze large datasets to identify trends, patterns, and correlations.

Develop predictive models and algorithms to solve business problems.

Design and implement data-driven solutions to improve business processes and decision-making.

Collaborate with cross-functional teams to understand business requirements and provide analytical support.

Communicate findings and recommendations to stakeholders through visualizations, reports, and presentations.

Stay updated with the latest trends and advancements in data science and machine learning techniques.

Continuously evaluate and enhance data quality and integrity.

Ideal Profile

Qualifications:

Bachelor's or Master's degree in Computer Science, Statistics, Mathematics, or a related field.

Proven experience in data analysis, statistical modeling, and machine learning techniques.

Proficiency in programming languages such as Python, R, or SQL.

Strong problem-solving skills and the ability to translate business requirements into data-driven solutions.

Excellent communication skills with the ability to convey complex technical concepts to non-technical stakeholders.

Experience with data visualization tools (e.g., Tableau, matplotlib, seaborn) is a plus.

Familiarity with big data technologies (e.g., Hadoop, Spark) and cloud platforms (e.g., AWS, Azure) is a plus.

A collaborative mindset with the ability to work effectively in a team environment.

******For Interested applicants: Send your updated resume, sample works/ portfolio and we would be asking you to take a personality test at this site**

Kindly send us the five letter results. (e.g. ENTJ-T) to queenie@boo.world together with links to your resume and sample works. Subject: Position you are applying for (e.g **Data Scientist**)

What's on Offer?

Work within a company with a solid track record of success

Work alongside & learn from best in class talent

Excellent career development opportunities
