EDI / API Integration Lead

Integet Pakistan, Pakistan5 + years of experience in eCommerce, Retail, and systems integrations to automate the flow of your business. Whether it be iPaaS, ERP Implementation, or Supply Chain Strategy, we help our clients apply the right technology for their unique needs.

OPPORTUNITY

We are currently seeking an EDI/API Lead with strong IPaaS experience. He/She should also have ERP (Netsuite, Dynamics, Acumatica, SAP) and eCommerce (Shopify, Magento, Amazon) experience either from a development or team lead perspective.

This position requires a dynamic individual with strong team management skills. He/She has been a team lead or a project lead and can fully understand the technologies as well as manage the team to deliver the work. The person should have a solid analytical background along with years of experience in documentation to cover requirements, technical and planning phases of any development or integration projects. The person will be required to communicate with the client, so excellent communications skills are essential along with good command of written and spoken English.

As part of the role requirements, we will offer All Paid for L1 to L4 Certification in Celigo to the successful candidate.

EXPERIENCE

5-7 years of team lead, project lead and team management

Working with US-based clients and managing time zones

Good project management/team lead skills to lead and mentor team

Provide solution to resolve any technical issues facing by the team that covers cloud-based

integration

Good working knowledge of most of the following - AWS, NetSuite, MS Dynamics, SAP, Magento, Shopify.

Experience or knowledge of platforms like SPS Commerce, Di Central, Orderful

Strong communication and interpersonal skills, both written and oral

Fluent in Microsoft Office with strong Microsoft Excel skills towards data analysis

TECHNOLOGIES WE USE

Primary iPaaS platforms: Celigo, Workato

Supporting technologies: Netsuite, Acumatica, Salesforce, Shopify, Amazon Vendor Central

If you think you are the right candidate for this job, please send us your resume now,

Job Specification **REQUIRED FOR THE ROLE**

Full knowledge of Cloud integration with iPaaS platforms

Understanding of technical architecture, cloud and on-premise application integration to SaaS, ERP, & 3rd party applications.

knowledge of EDI standards (X12, EDIFACT...)

Knowledge of Web Services (SOAP & REST using XML/JSON Payloads)

Knowledge of eCommerce platforms (Shopify, Big Commerce, Magento)

Understanding of communication protocols SFTP and AS2

Knowledge of pre-built integrations, cloud adapters, connections, SaaS applications etc.

Requirements gathering, gap analysis, and creating technical requirement documentation

Design and write transaction processing edit, transforms, and workflow

Troubleshoot technical issues related to data integration and flow

Experience reading lookup translation tables is a plus

Information Technology and Services - Lahore, Pakistan
