[Apply Now](#)

Company: Lycopodium Limited

Location: , , Pakistan

Category: business-and-financial-operations

With offices in Australia, Africa, Canada, Peru and the Philippines, Lycopodium proudly delivers high quality professional engineering and project delivery services globally, across the resources, infrastructure and industrial processes sectors. By joining our global team and learning from renowned subject matter experts, we can offer you a diverse career that could take you anywhere in the world. Lycopodium is currently recruiting for Materials Controllers to join our growing team in Pakistan. Reporting to the T&L Lead, these roles will be responsible for the processes involved for materials procured from the date of purchase until hand-over to the site team or allocated site contractor. The tasks you'll perform Ensure the timeliness and accuracy of the delivery of materials procured (reporting, costs, and schedule) in accordance with the project plans and schedule. Effectively and efficiently manage the Transport and Logistics (T&L) package in a coordinated manner with the appointed T&L contractor to ensure the best result for the project. Coordinate with other project disciplines such as procurement, inspectors and site to overcome shipping and/or delivery issues that may be encountered. Oversee the various work procedures, practices, and plans for the movement of materials and ensure that deliverables are met to a high-level of accuracy. Liaise with Vendors and the project transport and logistics provider to effectively plan transportation and shipping activities. Expedite Vendors for timely receipt of all deliverables including shipping documentation and equipment and materials adequately packed for transportation in accordance with the project specifications. Ensure all dealings with the Client, Vendors and other external stakeholders are professional and in line with ethos of the business. Manage all members of the Materials team in compliance with applicable

project specific requirements and current industry work codes and standards to ensure effective delivery of contracts. The expertise you'll bring Demonstrable experience in Materials Management within the mineral processing plant or infrastructure construction industries. Experience with transportation of goods and materials and sound knowledge of international freight laws, regulations and practices. Broad multidisciplinary base knowledge in mineral processing plant / infrastructure construction. Ability to work with people at all levels within an organisation and external providers. Excellent organisational skills with the ability to multitask and prioritise to a high standard of accuracy and professionalism. The benefits we'll provide Lycopodium has a strong company culture focused on career progression and technical skill development. You can expect to be involved in a wide range of large projects whilst working amongst a team of highly skilled professionals. We recognise that everyone is different and needs may change over the course of your career. That's why we : Invest in our people for the long-term, building a diverse and rewarding career, mentored by the best in the industry. Allow our people to balance work with other commitments, like family or study, offering flexible work arrangements. Provide access to a benefits, rewards and recognition platform that also offers great discounts to hundreds of retailers in Australia. Are undertaking significant people and technology initiatives that will support the workplace of the future. We encourage and value diversity and inclusion and welcome applications from all backgrounds regardless of gender, age, disability and ethnicity, including Aboriginal and Torres Strait Islanders. Our commitment to equal opportunity is embodied in our values of Respect, Integrity & Diligence. They are inherent in who we are, as individuals, and collectively as a Company. We are a 2024 Circle Back Initiative Employer – we commit to respond to every applicant. Please submit your CV by clicking the 'Apply' button.
