Job Description for Financial Controller

Are you the type of person that is passionate about reporting standards, internal controls, corporate taxation and cost management? Do you have an insatiable appetite for recording accurate financial data and integrating technology in this process to make the data more robust/accessible? As Pakistan's top Online Travel Platform, Sastaticket.pk has access to volumes of financial data with ample opportunity for you to explore your passion. As a Financial Controller, you will be responsible for driving cost savings, working with Engineering & Data Science teams for a smooth integration of financial data into ERP & PowerBI to reach 100% automation and ensuring financial information is readily available at all times to the Senior Management. You will be at the forefront of Sastaticket's Finance initiatives and will be reporting directly to the Head of Finance. You will be responsible to improve the operational performance of the Finance team by ensuring accurate information is recorded by them in the most efficient manner. You will also be responsible to close all external audit observations in a timely manner along with complying with IFRS/Non-IFRS & SBP rules and regulations. As Financial Controller, you will also be responsible for timely month-end closing and developing various SOPs for financial controls/reporting.

Responsibilities

1. Period End Closing Responsible for the accuracy and timely close of accounts according to IFRS/Non-IFRS measures Lead month-end P&L meetings and present the results to the Head of Finance
2. Balance Sheet Integrity Take full accountability for the timely and accurate preparation of the balance sheet reconciliations Approve Balance Sheet
