

## Infrastructure Engineer

[Apply Now](#)

Company: PLS Pte Ltd

Location: Pakistan

Category: computer-and-mathematical

PLS Pte Ltd is a dynamic company committed to delivering innovative solutions across diverse industries. Our vision is to lead globally by creating impactful solutions, while our mission is to provide exceptional value through expertise, collaboration, and creativity. We offer various services, including custom software solutions, cutting-edge technology, consulting, project management, and quality assurance. Our strengths lie in innovation, expertise, customer-centricity, and integrity. Join us to transform challenges into opportunities and drive growth together.

### The Role

#### You will be responsible for :

Defining system architecture and requirements.

System design and/or design review to ensure applications solutions exhibit expected levels of performance, security, scalability, maintainability and reliability upon deployment.

System performance diagnosis and scalability assessment.

Identifying potential issues between systems and specifications and proposing new solutions.

Proposing the technical solution and overseeing the selection of technologies.

Providing subject matter expertise and direction, guidance, and support on complex sales engagements.

Reviewing proposals and estimates from vendors and ensuring that external solutions work with internal development projects.

### **Ideal Profile**

You possess a Degree/Diploma in Computer Science, Engineering or related field.

You have at least 4 years experience, ideally within a Solution Architect or System Architect role.

You have strong interpersonal and communication skills and are adept at working with multiple stakeholders to drive desired outcomes.

You are a strong team player who can manage multiple stakeholders

You possess strong analytical skills and are comfortable dealing with numerical data

### **What's on Offer?**

Flexible working options

Opportunity to make a positive impact

Work alongside & learn from best in class talent
