

L&D Intern - AI & Game developer - Islamabad

[Apply Now](#)

Company: Veon Group

Location: Islamabad

Category: other-general

What will “L&D Intern – AI & Game Developer” do?

AI Integration: Collaborate with the Learning and Development team to identify opportunities for integrating AI tools into training programs. Research and recommend AI-driven solutions that enhance learning outcomes and engagement.

Game-based Learning: Work closely with the team to conceptualize, design, and develop interactive games that align with learning objectives. Create game mechanics, storylines, challenges, and rewards to make learning enjoyable and effective.

Content Development: Assist in creating engaging and interactive learning content that combines AI-driven elements and game mechanics. This could include interactive simulations, virtual scenarios, and branching scenarios.

The role reports directly to the Stream Head Learning & Development with an extended team of 3 team members

Jazz is an equal opportunity employer. We celebrate, support, and thrive on diversity and are committed to creating an inclusive environment for all employees.
