Company: Formulatrix Pakistan (Private) Limited

Location: Lahore

Category: other-general

Lead Software Architect Formulatrix Pakistan (Private) Limited, Pakistan We are seeking a hands on, top-notch Lead Software Architect who can work with Microsoft C#, C++, Visual Studio, Windows Forms, and SQL server to implement components of our software products and robotic control systems. There is no shortage of challenges at Formulatrix: image acquisition and processing, robotics, embedded software, data analysis and performance optimization is daily work for everyone on our team. The position requires an extremely hands on person able to motivate and lead the teams through development projects in a fast-paced, aggressive growth, international business environment. Candidates should possess strong software development, software architecture development, and problem solving skills. Candidates should also exhibit a high degree of ownership and pride in their code and a commitment to releasing quality software on time. Candidates must work well independently, with worldwide team members, and on-site with customers. Travel to customer sites and offshore locations may be necessary as needed. Job Specification Qualifications:1) 4 years Bachelor's degree in Computer Sciences with heavy focus on software programming.2) Minimum 4-6 years of software development, software delivery, and post-implementation support experience.3) Demonstrated experience with system architecture review, OOD, and software programming in a team environment.4) Strong experience with C#, C++, and .Net is highly desirable. Java is an acceptable alternative.5) Highly motivated, strong team player, with good ability to multi-task and re-prioritize as necessary.6) Excellent communication and customer relationship skills.7) Ability to work 50 hours/week minimum. Information Technology and Services - Lahore, Pakistan
