

## Mid Level MERN Developer

[Apply Now](#)

Company: CodeNinja Inc

Location: , , Pakistan

Category: other-general

CodeNinja, a renowned software engineering company, is seeking an experienced MERN Developer to join our team. As a MERN Developer at CodeNinja, you will have the opportunity to work on cutting-edge projects and contribute to the development of innovative solutions. You will be part of a fast-paced and collaborative environment where your expertise and passion for technology will be valued and encouraged. Join us in creating groundbreaking software that solves the world's toughest problems.

**Key Responsibilities:**

- Design and build applications/systems based on wireframes and product requirements documents.
- Work on both back-end and front-end development of core scripts using Node.js, MongoDB, React.js, and TypeScript.
- Unit test code for robustness, including edge cases, usability, and general reliability.
- Write reusable, easy-to-maintain, versioned code following DRY (Don't Repeat Yourself) principles.
- Integrate existing tools and business systems, including in-house tools.
- Create dynamic web pages to enhance user experiences.

Familiarity with Server-Oriented Architecture and RESTful Web Services.
