

Node Js Developer

Apply Now

Company: Aceontechnology

Location: , , Pakistan

Category: other-general

Are you a skilled and motivated Node.js Developer? Join our dynamic team in Karachi, Pakistan, where your expertise will drive the development of innovative solutions. We're seeking an individual with a solid grasp of Node.js and a proven track record of working with SQL databases. If you also bring experience with NestJS and TypeScript, that's a definite advantage.

Job Requirement

- A minimum of 1-2 years' practical experience in Node.js development
- Proficiency in handling SQL databases (e.g., MySQL, PostgreSQL)
- Added advantage: Familiarity with NestJS and TypeScript
- Strong grasp of RESTful API development principles
- Familiarity with code versioning tools such as Git
- Effective problem-solving abilities complemented by clear communication skills
- Bachelor's degree in Computer Science, Engineering, or a related field

Responsibilities

- Create, enhance, and maintain efficient, reusable, and dependable Node.js code
- Develop well-structured, testable, and high-performing software modules
- Collaborate closely with team members to pinpoint and resolve challenges
- Contribute to the definition, design, and implementation of new features through cross-functional teamwork
- Identify and rectify application issues through systematic debugging and troubleshooting
- Keep abreast of emerging technologies and industry trends to ensure the relevance of our solutions

If you are an independent and proactive coder who thrives in collaborative team settings, we encourage you to apply now and become an integral part of our Karachi, Pakistan team. Your passion for coding and self-driven attitude will find a perfect home here. Join us and make your mark!
