

Project Manager - Software Developer

[Apply Now](#)

Company: Hawks Cricket Club

Location: Pakistan

Category: business-and-financial-operations

A Company based out of Calgary, Canada

The Role

Company Overview:

Hawks Cricket Club is not just about cricket; we are also committed to technological innovation in sports management. Our team is dedicated to developing cutting-edge mobile applications to enhance the experience of players, coaches, and fans alike. We are currently seeking a talented Flutter Developer to join our team and contribute to the development of our innovative mobile applications.

Position Overview:

As a Flutter Developer at Hawks Cricket Club, you will play a crucial role in designing, developing, and maintaining high-quality mobile applications using the Flutter framework. You will lead a team of developers, collaborating closely with cross-functional teams to deliver engaging and intuitive user experiences that elevate the cricketing experience. If you are passionate about cricket and mobile app development, and possess strong leadership skills, we want to hear from you!

Responsibilities:

- 1 . Lead a team of developers in designing, developing, and maintaining mobile applications using the Flutter framework.
- 2 . Collaborate with product managers, designers, and other stakeholders to understand project requirements and translate them into scalable and efficient code.

- 3 . Implement clean, maintainable, and efficient code adhering to software development best practices and coding standards.
- 4 . Oversee the entire app development lifecycle, from planning and design to deployment and maintenance.
- 5 . Mentor and coach team members, providing guidance and support to help them grow as developers.
- 6 . Conduct code reviews, providing constructive feedback and ensuring adherence to coding standards and best practices.
- 7 . Work closely with the quality assurance team to identify and address any bugs or performance issues in a timely manner.
- 8 . Continuously discover, evaluate, and implement new technologies to maximize development efficiency and improve the overall quality of our products.
- 9 . Stay up-to-date with the latest trends and advancements in mobile application development and the Flutter framework.
10. Communicate project status, updates, and key milestones to stakeholders, ensuring transparency and alignment throughout the development process.

Requirements:

- 1 . Bachelor's degree in Computer Science, Software Engineering, or a related field (or equivalent work experience).
- 2 . Proven experience as a Flutter Developer or Mobile App Developer, with a strong portfolio of mobile applications developed using Flutter.
- 3 . Experience in leading and managing a team of developers, with strong leadership and communication skills.
- 4 . Solid understanding of the Dart programming language and the Flutter framework.
- 5 . Proficiency in building responsive UIs using Flutter widgets and layouts.
- 6 . Experience with state management solutions such as Provider or Bloc.

- 7 . Familiarity with RESTful APIs and JSON integration.
- 8 . Strong problem-solving skills and attention to detail.
- 9 . Ability to work effectively in a fast-paced environment and meet project deadlines.
10. Experience with version control systems such as Git is a plus.

Ideal Profile

You have at least 2 years experience including solid experience in a similar role within IT.

You are highly goal driven and work well in fast paced environments

You are a strong team player who can manage multiple stakeholders

You are a strong networker & relationship builder

What's on Offer?

Fantastic work culture

Leadership Role

A role that offers a breadth of learning opportunities
