

Research Associate, CITRIC Centre for Clinical Best Practices (CCBP), Deans Office

[Apply Now](#)

Company: Aga Khan University

Location: , , Pakistan

Category: other-general

Introduction The CITRIC Center for Clinical Best Practices (CCBP) is pioneering the adaptation of evidence-based clinical practice guidelines for Pakistan; to help standardize and improve the quality of care across the country. Evidence-Based Medicine is clinical decision making incorporating the best available evidence, patient perspectives and experience; resulting in improved patient outcomes and quality of care. Aga Khan University Medical College CCBP will adopt, adapt and develop evidence-based guidelines and care pathways to standardize and improve health outcomes and quality of health care in Low and Middle-Income Countries. It will also develop relevant care pathways and clinical guidelines that are needed for AKU's Electronic Health Record (EHR) system as it is rolled out to achieve standardization of care within and between AKU Hospitals, across our campuses. The centre will channelize and consolidate resources and efforts to bring in the much needed standardized, high quality evidence-based care to the communities where AKU exists; taking into account the local challenges and opportunities. The Aga Khan University invites applications for Research Associate in the CITRIC CCBP.
