

Senior Android Developer

[Apply Now](#)

Company: Eyedea House

Location: Lahore

Category: other-general

We are looking for an Android Developer who possesses a passion for pushing mobile technologies to the limits. This Android app developer will work with our team of talented engineers to design and build the next generation of our mobile applications. Android programming works closely with other app development and technical teams.

Responsibilities

Design and build advanced applications for the Android platform

Collaborate with cross-functional teams to define, design, and ship new features

Work with outside data sources and APIs

Unit-test code for robustness, including edge cases, usability, and general reliability

Work on bug fixing and improving application performance

Continuously discover, evaluate, and implement new technologies to maximize development efficiency

Job Specification

Requirements

BS/MS degree in Computer Science, Engineering or a related subject

Proven software development experience and Android skills development

Have published at least one original Android app

Experience with Android SDK

Experience working with remote data via REST and JSON

Experience with third-party libraries and APIs

Working knowledge of the general mobile landscape, architectures, trends, and emerging

technologies

Solid understanding of the full mobile development life cycle.

Information Technology and Services - Lahore, Pakistan#J-18808-Ljbffr
