

Senior Architect

[Apply Now](#)

Company: Northfield

Location: Islamabad

Category: other-general

We are searching for an experienced senior architect to oversee the company's new construction projects. As the senior architect, you will mentor other Architects, interpret client briefs, and review contracts and designs. You should have strong leadership skills, extensive knowledge of CAD software, and the ability to handle negative feedback.

To be successful as a senior architect, you should display great interpersonal skills and be able to relay important information. An outstanding Senior Architect should also be open to criticism and learning opportunities.

Job Specification Bachelor's degree in architecture, engineering, design, or similar.

MA Degree in architecture or design might be preferable.

The relevant state license.

A good portfolio and several years of work experience as an Architect.

Willingness to work overtime as required.

Excellent leadership and communication skills.

Brilliant interpersonal and networking skills.

Detail-oriented and highly analytical.

In-depth understanding of CAD and AutoCAD software.

Deadline-driven and dedicated to excellence.#J-18808-Ljbffr
