[Apply Now](#)

Company: Star Marketing Pvt Ltd

Location: Karachi Division

Category: other-general

Senior Front-End Developer Star Marketing Pvt Ltd, Pakistan We are in search of an efficient Front-end Developer to join our Development Team. As a Front-end Developer, you should have prior experience in writing front-end code for client-side as well as server side web applications. As a qualified candidate for this role, we expect you to have exceptional knowledge of user interfaces and user experience. You should be able to create a user-friendly environment via your code for our software applications.

- Work closely with our Design team to understand the design and UI/UX requirements better.
- Maintain and improve the presentability of our website and web applications.
- Optimize the design of web applications for robust user experience.
- Collaborate with graphic designers and back-end developers to improve usability.
- Acquire feedback from customers and users to build viable solutions.
- Write functional requirement guides and documents.
- Create quality prototypes and templates for the client approvals.
- Ensure brand consistency and high-quality graphics standards.
- Stay updated on the latest technologies.

Bachelor's degree in Computer Science, Software Engineering or a similar field.

- 2+ years of experience as a Front-end Web Developer, Software Developer, Web Developer or similar role.
- Excellent understanding of software architecture and databases.
- Solid understanding of the markup languages.
- Excellent experience in the entire web development process.
- Good understanding of basic SEO principles.
- Excellent knowledge of user interface and layout aesthetics.
- Knowledge of content management systems will be an added advantage.
- Outstanding multitasking and analytical abilities.
