

Senior Frontend Developer (Angular)

[Apply Now](#)

Company: Codegenio

Location: Islamabad

Category: other-general

Senior Frontend Developer (Angular) Codegenio, Pakistan We are looking for a Senior Frontend Developer expert in Angular who understands the design and knows pixel by pixel implementation. Responsibilities will include translation of the UI/UX design wireframes to actual code that will produce visual elements of the application. You will work with the UI/UX designer and bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works. Responsibilities Develop new user-facing features Build reusable code and libraries for future use Ensure the technical feasibility of UI/UX designs Optimize application for maximum speed and scalability Assure that all user input is validated before submitting to back-end

Job Specification Skills And Qualifications High end expertise in Angular and other reactive frameworks Proficient understanding of web markup, including HTML5, CSS3 Basic understanding of server-side CSS pre-processing platforms, such as LESS and SASS Familiarity with tools such as Photoshop is a plus. Proficient understanding of code versioning tools, such as Git
