

## Senior iOS Developer (SwiftUI) - Mapping Specialist

[Apply Now](#)

Company: See Sight Tours

Location: Islamabad

Category: other-general

Tripshepherd (formerly See Sight Tours) is a leading travel company that connects people through travel experiences. Our tour guides are fun, energetic, and ready to greet guests from around the world. Our management team fosters a collaborative and hardworking yet fun and relaxed atmosphere. We value individuality and provide opportunities for advancement and growth within the company. Responsibilities: Design, develop, and maintain cutting-edge iOS applications using SwiftUI. Integrate and optimize mapping functionalities using Apple MapKit, Google Maps SDK, and OSM. Collaborate with cross-functional teams including designers, product managers, and backend.

Stay updated with the latest iOS and mapping technologies and actively contribute to architectural decisions. Requirements: Bachelor's degree in Computer Science, Engineering, or equivalent practical experience.

3+ years of professional experience in iOS development with a strong focus on SwiftUI.

Proficiency in Objective-C and /or Swift programming languages.

Extensive knowledge of mapping technologies such as Apple MapKit, Google Maps SDK, and OpenStreetMap (OSM). Experience with geolocation-based services, GPS, and location-aware applications. Strong problem-solving skills and a proactive attitude towards learning, mastering new technologies. Excellent communication and teamwork skills, with the ability to work effectively in a fast-paced environment.

Nice to Have:

Familiarity with augmented reality (AR) frameworks such as ARKit. Experience with CI/CD pipelines and automated testing. Contributions to open-source projects related to iOS.

development or mapping technologies. Previous experience in developing navigation or travel-related applications#J-18808-Ljbfrr
