

Senior Laravel / Lumen Developer

[Apply Now](#)

Company: In-TechGiants

Location: Lahore

Category: other-general

Join us if you have expertise in Laravel or Lumen. In-TechGiants is looking to hire a highly motivated Laravel/Lumen Developer to join our team and help improve our client deliverable. Responsibilities: Understanding and evaluating the task, gathering requirements, documenting the tasks. Participate in the full software development life cycle (SDLC) including analysis, design, development, quality assurance, and testing, and debugging. Develop, design, implement and integrate new applications while providing support and continual development and maintenance of existing applications. Participate in daily stand-ups, and collaborate with Development team members, Product Management, Product Support, and Client Success teams. Work under tight production deadlines, while maintaining product integrity and ensuring that product specs and quality expectations are achieved. Identify software performance issues and creatively work to problem solve. Implement coding best practices and maintain good code organization. Job Specification Requirements: Advanced skills in Laravel/Lumen. At least 2 years of experience. Experience working in an agile-like environment. Solid understanding of object-oriented programming. Proficient understanding of code versioning tools e.g. Git, Mercurial, or SVN. Excellent written and verbal communication skills and strong analytical and problem-solving skills. Organized, self-motivated, and able to work under minimal supervision and within tight deadlines. Bachelor's Degree in Computer Science or Computer Engineering and related experience. Plus Points: You will be highly preferred if you have experience in Micro-Services, Docker, Writing test cases, ReactJS. Quarterly/Annual Performance Bonus and Awards. In-TechGiants, offering services in Mobile and Web Application.

development.
