

Senior Laravel / Lumen Developer

[Apply Now](#)

Company: In-TechGaints

Location: Lahore

Category: other-general

Join us if you have expertise in Laravel or Lumen. In-TechGiants is looking to hire a highly motivated Laravel/Lumen Developer to join our team and help improve our client deliverable.

Responsibilities:

Understanding and evaluating the task, gathering requirements, documenting the tasks.

Participate in the full software development life cycle (SDLC) including analysis, design, development, quality assurance, and testing, and debugging

Develop, design, implement and integrate new applications while providing support and continual development and maintenance of existing applications

Participate in daily stand-ups, and collaborate with Development team members, Product Management, Product Support, and Client Success teams

Work under tight production deadlines, while maintaining product integrity and ensuring that product specs and quality expectations are achieved

Identify software performance issues and creatively work to problem solve

Implement coding best practices and maintain good code organization

Job Specification Requirements:

Advanced skills in Laravel/Lumen

At least 2 years of experience.

Experience working in an agile-like environment

Solid understanding of object-oriented programming

Proficient understanding of code versioning tools e.g. Git, Mercurial, or SVN

Excellent written and verbal communication skills and strong analytical and problem-solving skills

Organized, self-motivated, and able to work under minimal supervision and within tight deadlines

Bachelor's Degree in Computer Science or Computer Engineering and related experience.

Plus Points:

You will be highly preferred if you have experience in

Micro-Services

Docker

Writing test cases

ReactJS

Quarterly/Annual Performance Bonus and Awards

In-TechGiants, offering services in Mobile and Web Application development.
