

## Senior Php Developer

[Apply Now](#)

Company: Seo Work

Location: Islamabad

Category: other-general

We are a small, well funded, rapidly growing company looking to hire good people who are good developers. We're looking for a good senior level php/mysql developer and project manager to help us build a high quality, extensible, and scalable code base. Qualified candidates will have at least 3-4 years of industry experience managing web and interactive media development projects. Knowledge of PHP, PERL HTML, Javascript, MySQL, etc. are desired as is any general experience with a wide range of web development technologies and frameworks. Previous industry experience in Digital Media, Web Development/Design, or Interactive Media is ideal. Candidates must have a Bachelors Degree. The Senior Developer/Project Manager will be responsible for requirements gathering and analysis, managing the entire project life cycle, design, documentation, scheduling, and resource allocation. Candidates must demonstrate the ability to manage multiple projects simultaneously and have the ability to multi-task in a fast-paced environment. Applicants must have excellent verbal and written communication skills.

### Job Specification\* PHP

- \* Expertise in configuration and maintenance of MySQL
- \* Perl
- \* Expertise in configuration and maintenance of Apache web server
- \* Significant Experience managing teams of developers.
