DescriptionJob Location:RawalpindiCountry:PakistanPositions:1 Department:IT-Internet/E-

commerceDescriptionRequire Senior PHP Developer, who will be responsible to work on our

upcoming online product. He will be responsible to generate the php script(extensive use of

ajax is involved) and will produce a code that is in compliance with W3C standards(both

HTML & CSS). He will also be responsible to design the database for it(the initial design will

be provided), the design can get changes as the application is developed. Final test cases

will be run separately but the developer must test the application for coding and output

errors.ResponsibilitiesRequire Senior PHP Developer, who will be responsible to work on our
