

Senior PHP Developers Required.

[Apply Now](#)

Company: Innovative Systems & Technologies

Location: Rawalpindi Cantonment

Category: other-general

Innovative is a private limited software development company, headquartered in London, United Kingdom with an office in Rawalpindi, Pakistan. Launched in 2007, as a pure offshore software development concern, Innovative has tremendously grown over the years with changing global marketplace. Innovative is now a dynamic software consulting company focused on telecom and information technology sectors both inside and outside Pakistan. We are currently looking forward for a PHP developer to work on our on going projects.

Job SpecificationCandidates must have good skills in PHP, JAVA, AJAX, ASP.net. Must have done two or three dynamic webpage online projects or can show us his work. Must be capable of handling data forms and reports. Must be familiar with SQL Server, MySql and Web Site Control Panel Setup and FTPs.

Information Technology and Services - Rawalpindi, Pakistan#J-18808-Ljbffr
