### Senior Wordpress Developer

AdMark Solutions, PakistanAdmark Digital (admarkdigital.com) is looking for a WordPress developer with an eye for detail and the ability to multitask in a fast-paced setting. We're looking for an experienced candidate with expertise in developing WordPress themes and plugins; a full understanding of web standards and responsive design techniques; an understanding of jQuery and other JavaScript libraries; and expert HTML and Sass skills.

#### What You'll Do

Lead the development of WordPress sites

Develop responsive, standards-compliant HTML and CSS3 themes for WordPress

Install, test and debug WordPress plugins and develop new plugins as needed

Evaluate designs, wireframes and other deliverables during the design and user experience phase for potential development issues and flag problems appropriately

Conduct peer review of themes created by other developers

Communicate the intricacies of complex web development issues, acting as a subject matter expert both internally across departments and externally with clients

Prototype functionality for internal and client review
