

Software Architect- .NET

[Apply Now](#)

Company: Confiz Limited

Location: , , Pakistan

Category: other-general

Confiz is currently seeking Software Architect (.NET). Candidates should have at least 15+ years of experience in .NET. Apply only if you consider yourself to be the very best and are looking for challenges and rewards that no other company will provide.

Responsibilities:

Researching, designing, implementing, and maintaining high quality software systems using .NET technologies

Rewriting existing services on newest technology stack and adding new functionality

Mentoring team members

Liaising with other software developers, testers, BI developers, business and systems analysts, and solution architects

Requirements:

Extensive experience working in .Net core and .Net framework.

Excellent understanding of object-oriented programming and its design patterns.

Understands design principles like SOLID, DRY, SRP etc.

Has worked with TDD and understands a great deal about its advantages and disadvantages.

10+ years of commercial experience building REST APIs and understands REST design principles; has used WebApi or WCF.

Experienced in Multithreaded and asynchronous programming.

Experienced in DB schema design and understands concepts like normalization, de-normalization, indexing, clustering, views vs materialized views, transaction isolation levels etc.

Experience with ASP.NET/ASP.NET Core, Entity Framework and messaging systems (ServiceBus / RabbitMQ)

Azure experience (Service Bus, Cosmos Db, Logic Apps / Functions, Service Fabric)

Previous expose to Docker, Kubernetes and Java

Experience in Microservices.

Understands DevOps and is experienced in GitHub or Azure DevOps

Familiarity with Scrum Methodology

Ability to work independently

Good communication skills in English (verbal and written)

We have an amazing team of 550+ individuals working on highly innovative enterprise projects & products. Our customer base includes Fortune 500 retail and CPG companies, leading store chains, fast-growth fintech, and multiple Silicon Valley startups.
