

Sr. Video Editor/Producer

[Apply Now](#)

Company: i2c Inc

Location: Lahore

Category: other-general

Provides invaluable creative input on all projects and throughout the Pre and post-production process

Work closely with creative teams to craft visually compelling creative stories under tight deadlines

Demonstrate the technical and creative vision to collaborate with project teams, as well as work independently, to achieve the best possible results

Critically evaluating the video post production and providing all the possible video editing solutions in order to minimize any risk of the video reshoot.

Be innovative while adhering to brand guidelines

Ability to quickly respond to feedback and be nimble enough to change direction rapidly.

Transform footage and narrative scripts into powerful visual stories and highly kinetic pieces for screens of all sizes

Must be detailed oriented, highly organized, and able to accurately estimate required post-production time, work under tight deadlines, manage multiple project.

Proficiency in video editing, motion graphics.

Exceptional skill and innovative approach in Sound design.

Expertise in VFX compositing, Rotoscopy, animation, match moving.

Extraordinary understanding of Colour correction and grading.

Continuously explores cutting-edge, current, and unique production processes/procedures

Understanding of storytelling style as related to timing and pacing

Creative talent in conceptualizing engaging visual and textual content

Maintains quality control standards to ensure that all work meets the highest possible industry standards

Fosters a positive team atmosphere and establish credibility both internally and externally

Supervise any mid-level and junior editors

Mentor and train new editors

We are looking for Education: BA/BFA/Masters in Video Production or related field

Experience: 3-4 years

Skills Bachelor's/Master's degree in Film and TV or Multimedia Arts with 3-4 years of experience

Working Experience in an advertising Agency or a Production Studio

Strong organizational, analytical, and problem-solving skills

Proactive nature with a positive and enthusiastic attitude

Ability to multitask and prioritize in a fast-paced environment under tight schedules.

Excellent written and verbal communication abilities

Ability to manage project workload and time for revisions and approvals.

Final Cut Pro, Adobe Creative Cloud (Adobe Premiere Pro, After Effects, Photoshop, Illustrator, Audition) FL Studio and DaVinci Resolve

Production understanding will be a plus.
