Salary Range: Market Competitive

Description: Virtual Force is a Technology Advisory, Innovation, Design and Engineering platform that builds next generation software products for enterprises and founders. We have solved complex technology rollout and growth problems for our clients in Health Tech, FinTech, Ed Tech, Artificial Intelligence, BlockChain and Digital Transformation Verticals. Sr. WordPress developer is responsible for designing, building and maintaining websites using WordPress, a popular content management system. They are responsible for creating custom themes, plugins and templates to meet client requirements.

Requirements:

Experience 3 to 5 years.

Strong knowledge of WordPress architecture, themes, and plugins.

Experience in developing custom WordPress themes and plugins.

Understanding of responsive design principles and ability to implement them in WordPress.

Familiarity with version control systems such as Git.

Knowledge of web standards, SEO best practices, and security principles.

Ability to troubleshoot and debug WordPress-related issues.

Excellent communication and collaboration skills.

Problem-solving mindset and attention to detail.

Experience with other CMS platforms like Drupal or Joomla is a plus.

Portfolio of past WordPress projects is desirable.

Responsibilities:

Collaborate with clients and project managers to understand project requirements and goals.

Develop custom WordPress themes and plugins based on client specifications.

Customize and modify existing WordPress themes and plugins to meet client needs.

Implement responsive design principles to ensure websites are optimized for different devices.

Conduct testing and debugging to ensure functionality and performance of WordPress websites.

Troubleshoot and resolve WordPress-related issues reported by clients or end-users.

Optimize websites for search engines by implementing SEO best practices.

Ensure proper security measures are in place to protect WordPress websites from threats.

Stay up to date with the latest WordPress updates, trends, and best practices.

Collaborate with the design team to ensure visual consistency and user-friendly interfaces.

Provide technical support and guidance to clients and colleagues when needed.

Document code, processes, and project specifications to ensure future maintainability.#J-18808-Ljbffr
