Technical Writer

Apply Now

Company: DigitalOcean

Location: Pakistan

Category: arts-design-entertainment-sports-and-media

What You'll Be Doing:

3+ years minimum, of job related experience in technical content writing, preferably with some experience as a developer, sysadmin, DevOps, SRE, etc.

Researching, developing, and writing tutorials on cloud technologies and practices using DigitalOcean's Technical Writing Guidelines. You should be comfortable writing and learning about topics like containers and container orchestration, cloud security, networking, monitoring, deployment, microservices, APIs, and data storage.

Identifying timely and relevant educational topics by staying up to date with emerging trends in cloud application development and using internal and external data sources to assess developer interest.

Collaborating with other teams in Marketing (e.g., Analytics, SEO, Product Marketing, etc.) to maximize the impact of our educational content and ensure it's aligned with broader business goals.

Contributing to Developer Content team tasks such as maintaining the Community site's library of tutorials and participating in content sprints on a wide range of technical topics.

Participating in the Developer Content peer review process by providing and accepting feedback to ensure content meets our high standards.

What You'll Add to DigitalOcean:

A deep understanding of cloud infrastructure technologies and concepts and an ability to organize this knowledge into educational content to help developers succeed.

Professional experience in technical writing for cloud developers. Please share writing samples in your application that demonstrate your expertise in this area. We are especially interested in candidates who have experience in curriculum design and/or developing interactive learning experiences for developers.

Experience in cloud development and an empathetic understanding of the challenges and opportunities that come with the territory.

A data-driven approach to evaluating the business impact of your work, and a commitment to making sure your efforts contribute to the overarching goals of the business.

A positive, growth-oriented mindset and interest in collaborating with colleagues and contributing to a positive team culture.

A capacity to research and learn new technical topics independently.

A strong command of the English language and an ability to translate complex technical concepts into clear, accessible prose.

Why You'll Like Working for DigitalOcean:

We reward our employees. The salary range for this position is based on relevant years of experience and skills. Employees may qualify for a bonus in addition to base salary; bonus amounts are determined based on company and individual performance. We also provide equity compensation to eligible employees including grants of equity upon hire and the option to participate in our Employee Stock Purchase Program.

We value development. You will work with some of the smartest and most interesting people in the industry. We are a high-performance organization that is always challenging our teams and employees to continuously grow. We maintain a growth mindset in everything we do and invest deeply in employee development through formalized mentorship and other internal programs. We provide all employees with reimbursement for relevant conferences, training, and education.

We care about your well-being. In addition to cash and equity compensation, we also offer

employees a competitive array of benefits. In the United States, these include health insurance, flexible vacation, retirement benefits, a generous parental leave program, and additional resources to support employees' overall well-being. While the philosophy around our benefits is the same worldwide, specific benefits may vary in other countries due to local regulations and preferences.

We value diversity and inclusivity We are an equal-opportunity employer and we do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
