

## UI / UX Designer

[Apply Now](#)

Company: National Compliance

Location: Pakistan

Category: computer-and-mathematical

We are a boutique consulting company based out of UAE and are looking for a remote UI UX Designer.

### The Role

This is a full-time remote role for a UI UX Designer. The UI UX Designer will be responsible for visual design, creating mockups, front-end development, user experience (UX), and user interface design. The UI UX Designer will collaborate with cross-functional teams to create intuitive, user-friendly designs that meet business and user needs.

Your responsibilities will include:

- Developing well thought-out user experience flows.

- Taking a design brief to understand requirements.

- Presenting ideas, concepts and design solutions to various stakeholders.

- Identifying design problems and devising elegant solutions.

### Ideal Profile

#### Qualifications

- Visual Design, User Interface Design, and User Experience (UX) skills

- Experience in creating mockups and front-end development

- Proficiency in design software and prototyping tools

Knowledge of web design principles, responsive design, and accessibility standards

Strong problem-solving and critical-thinking skills

Excellent communication and collaboration skills

Ability to work independently and remotely

Bachelor's degree in Design, Computer Science, or related field

Experience in designing enterprise software

### **What's on Offer?**

Flexible working options

Work alongside & learn from best in class talent

Opportunity within company with a solid track record of success
