MD, Velosi Asset Integrity Limited

We are seeking a talented UI/UX Designer with proficiency in front-end development to join our creative team. This role offers an exciting opportunity to work on cutting-edge projects and contribute to the user experience of our digital products.

Department:Software Department

Job Type:Full-time, Permanent

Project Location(s):Karachi/ Islamabad/ Lahore/ Multan

Education:Bachelor's degree in Design, Computer Science, or a related field

Compensation:Competitive salary and benefits

Job DescriptionUI/UX Design:

Create visually appealing and user-friendly interfaces for web and mobile applications.

Conduct user research, interviews, and surveys to gather user requirements.

Develop wireframes, prototypes, and user flows to effectively communicate design concepts.

Collaborate closely with cross-functional teams to ensure seamless integration of design elements.

Knowledge of Usability Heuristics, User Research, Empathy Map, Affinity Mapping, User Persona, Low and High Fidelity Wireframes, Prototypes and Design Systems.

Front-End Development:

Implement responsive design principles to ensure a seamless user experience across various devices and screen sizes.

Collaborate with back-end developers to integrate front-end components with server-side logic.

Optimize applications for maximum speed and scalability.

User Testing and Feedback Integration:

Conduct usability testing to gather feedback and make iterative design improvements.

Analyze user feedback and behavior to refine designs for enhanced user satisfaction.

Usability Testing, A/B Testing, User Testing, Accessibility Testing.

Collaboration and Communication:

Work closely with product managers, developers, and stakeholders to ensure alignment with project goals and objectives.

Clearly communicate design ideas, concepts, and rationale to team members.

As our ideal candidate, you should have: A Bachelor's degree in Design, Computer Science, or a related field.

A minimum of two years of experience in UI/UX design and front-end development with successfully delivered projects.

Proven experience as a UI/UX Designer with a portfolio highlighting successful projects.

Strong understanding of user-centered design principles and best practices.

Familiarity with design tools like Adobe XD, Sketch, Figma, In Vision, Adobe Creative Suite, Balsamiq, Marvel App, etc.

Knowledge of front-end frameworks and libraries (e.g., React, Vue.js) is a plus.

Excellent communication and collaboration skills.
