

UX/UI designers (Multan)

[Apply Now](#)

Company: Umair Zakir

Location: Multan

Category: other-general

We are looking for creative UX/UI designers who can turn our software into easy-to-use products for our clients. The one having creative flair who can convert ideas, imaginations and creativity into the design.

Skills and Requirements

- Demonstrable graphic designing skills with a dominant portfolio.
- Possession of creativity, versatility and originality in your work is our major concern.
- Hands-on experience of all the designing software (Sketch, InVision Studio, Axure, Adobe XD etc)
- Highly proficient in all of the designing aspects.
- Deep understanding of Apple's human interface design guidelines, Android design and other mobile platform designs, including Google's material design.
- Ability to meet deadlines.
- Capable to absorb and apply constructive criticism from peers and clients.#J-18808-Ljbffr
